

Humbug Mountain State Park

Interpretive Programs May 28—June 2, 2005

Saturday, May 28

4:30pm

Dragonflies: Incredible Flyers Why would you need eyes inside of eyes? Learn about their strange lives and make a pipe cleaner dragonfly for home.

8:45pm

Insects: Millions to One The ratio of bugs to humans is enormous, but still we don't see very many! Join us to find out why. Video and display.

Sunday, May 29

4:30pm

Animal Tracks: In the water or on land, in the mountains or in the sand; you'll know where an animal lives by looking at its feet. Make a track stamp.

6:30pm

Visit with Smokey Bear! Watch for Smokey as he makes his rounds with friends from the Coos Fire Protection Association. Hands on program and wild-lands fire truck shortly after tour, meet us at B43.

Monday, May 30

4:30pm

Tidepool Touch Table: How do sea stars eat? Where do sculpins hide? Come see all the treasures tidepools have to offer. Fun and games.

8:45pm

The Rocky Intertidal: Explore this richly diverse and dynamic area through a hands-on display of shells, fossils and an amazing video.

Tuesday, May 31

4:30pm

Slithery Snakes They have no arms. They have no legs. How on earth do these creatures get around? Join us to find out and paint snake sticks also.

8:45pm

Reptiles: an alien world This talk and fast-paced video will connect you to a strange world filled with fascinating creatures.

Wednesday, June 1

No programs are scheduled for today at Humbug Mountain. Tours are available at the Lighthouse and Hughes House at Cape Blanco. Both are open 10 am to 3:30

Thursday, June 2

4:30pm

The Sweet Ferocious Ladybug. Learn about these useful creatures and paint bugs on stones.

8:45pm

Bear: A romping video covering teddy bears to grizzlies, even our mild mannered black bear, Smokey.

Afternoon programs at campsite B43. Evening programs at Amphitheater near B7

All events are FREE & last approximately 1 hour (except if noted).
