

CULTURAL RESOURCE AND ARCHITECTURAL CONSULTANTS LIST
(2002) Revised 10/10/02

Following is a list of persons who have requested that their resumes be included in the State Historic Preservation Office cultural resource and architectural consultants file. This list does not represent an endorsement of any consultant but should be viewed as a list of persons available for consultant work in Oregon history, architectural history, survey work, and architectural restoration or rehabilitation. A separate list is maintained by the State Historic Preservation Office for consultants in archeology. Good hiring practice requires reference checks on bidders prior to contracting.
