Bike Trail

A 4-mile paved bike path links the campground to the South Falls Historic District, passing near the South Falls Lodge. The path parallels the Rim hiking trail, then crosses Highway 214, forms a loop through a large meadow and returns.

Horse, Hiking and Mountain Biking Trails

The park has over 22 miles of multiple use trails. Please observe restricted use signs on trails and follow proper trail courtesy when encountering other trail users.

Trail of Ten Falls

The "Trail of Ten Falls" is an 8.7 mile National Recreation Trail.

Hiking With Your Pet

For the safety of hikers and pets, pets are not permitted on the canyon, maple ridge and winter trails. Pets are permitted on over 28 miles of other park trails. There is a pet exercise area in the south falls day-use area, where pets are allowed off leash while under owner voice control.

Bear and Mountain Lion

Silver Falls is home to many species of wildlife including black bear and mountain lion. Caution is urged if you sight either. Become familiar with what to do in case you are confronted by a bear or lion. Awareness pamphlets are available at all park visitor contact stations. Please report all sightings to a park ranger.

Stay on the Trail

Shortcuts cause erosion and are harmful to plants and wildlife.

Do Not Litter

If you pack it in, pack it out.

Take Pictures and Memories Only

It is unlawful to pick or dig any plants, or to harass or capture wild animals.

Leave Footprints Only

Please do not carve or write on signs, trees, rocks or any park structure.

Dogs Permitted on Leash Only

All pets must be under control (maximum 6' leash) and wastes properly disposed of.

Keep an Eye on Children

Children could become lost or injured if unsupervised.

Campfires Prohibited

Due to the danger of forest fires, campfires are allowed in the designated areas only. These areas are enclosed by metal fire rings.

Restrooms

There are no toilet facilities available on any trails. Please use restrooms available next to parking areas.
