Day-use Amenities

The park has three reservable picnic areas within a large day-use area. Several picnic tables are ADA accessible. The **Lakeside** area has reservable sites near a large open field for athletic activities, an unsupervised swim area and nearby electricity. A boat launch and marina with boats, motors, and other equipment for rent are nearby. The **Ice Creek Shelter** is a covered reservable shelter with electricity and water. The **Riverside** area has ADA-accessible picnic tables and is a short walk to the Wallowa River.

The **Little Alps** day-use area is one mile from the campground, between the east and west forks of the Wallowa River near the U.S. Forest Service's Wallowa Lake Trailhead.

An Alpine Experience

The surrounding community at Wallowa Lake is reminiscent of a Swiss alpine village. It features attractions such as a tramway to the top of 8,200-foot **Mt. Howard** with views of the Wallowa Lake basin and the **Eagle Cap Wilderness Area**. The unspoiled wilderness area has small, sparkling lakes scattered at the base of 10,000-foot peaks and is a paradise for hikers, horseback riders and naturalists. Trails lead up the east and west forks of the Wallowa River from the U.S. Forest Service trailhead.

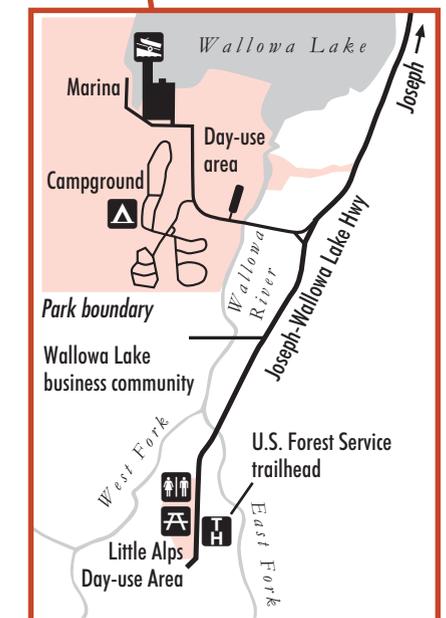

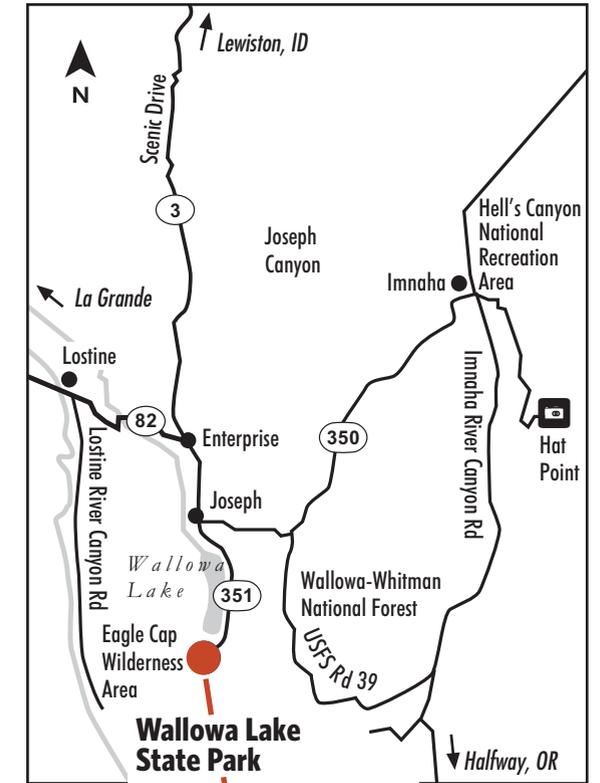

Hat Point Viewpoint, 54 miles northeast, overlooks the Snake River's mile-deep **Hells Canyon**, the deepest gorge in North America. The final 24-mile segment of the gravel road to the viewpoint is steep and narrow. To the west, you can head up the **Lostine River Canyon** into the heart of the high country south of Lostine and Highway 82. **Joseph Canyon Viewpoint** is 30 miles north of Enterprise on State Highway 3.

Please contact the US Forest Service for information, maps and road conditions for these Wilderness trail heads and Hells Canyon areas at 541-426-5546.

Smoking in Oregon State Parks is allowed only in personal vehicles, RVs, campsites and portions of day use parks along state highways that are designated as safety rest areas by the Oregon Department of Transportation.
