Yurts!

Enjoy the year-round comforts of a domed tent with structural support, a hard-surfaced floor, a solid lockable door, lights, heating, and beds with vinyl-covered mattresses. A bunk bed sleeps three adults and a fold-down futon couch sleeps two. A fire ring, picnic table, and paved parking are right outside. Up to two pets (cats and/or dogs only) are allowed in the designated pet-friendly yurts for an additional fee.

Boating and Other Water Sports

Devil's Lake offers a variety of activities including sailing, waterskiing, jet skiing, windsurfing, knee boarding, canoeing, and kayaking. Moorage docks are adjacent to the campground; the day-use area across the lake (off East Devil's Lake Road) offers a boat launch and picnic area.

A Choice of Fish

Devil's Lake is 22 feet deep at its deepest point, but averages more shallow depths across its 678 acres. The lake abounds with freshwater fish, including rainbow trout, yellow perch, catfish, black crappie, largemouth bass, and bluegill. All can be caught year-round. However, if you happen to catch the lake's most exotic resident, the Chinese Grass Carp (also known as the White Amur), you must release it; this fish was stocked to control vegetation. When young, grass carp can eat their own body weight in weeds. They grow up to 26 inches long.

Interpretive Programs

Summer programs on a variety of topics are presented in the large, grassy amphitheater. When programs are not scheduled, the area is available for outdoor activities; it features picnic tables and a fire ring. Check with park staff for details.

Birding Paradise

The wetland at Devil's Lake is one of the primary wintering grounds for flocks of migratory geese and ducks. There are also several osprey and bald eagle nests in the vicinity.

Sounds of the Surf and the City

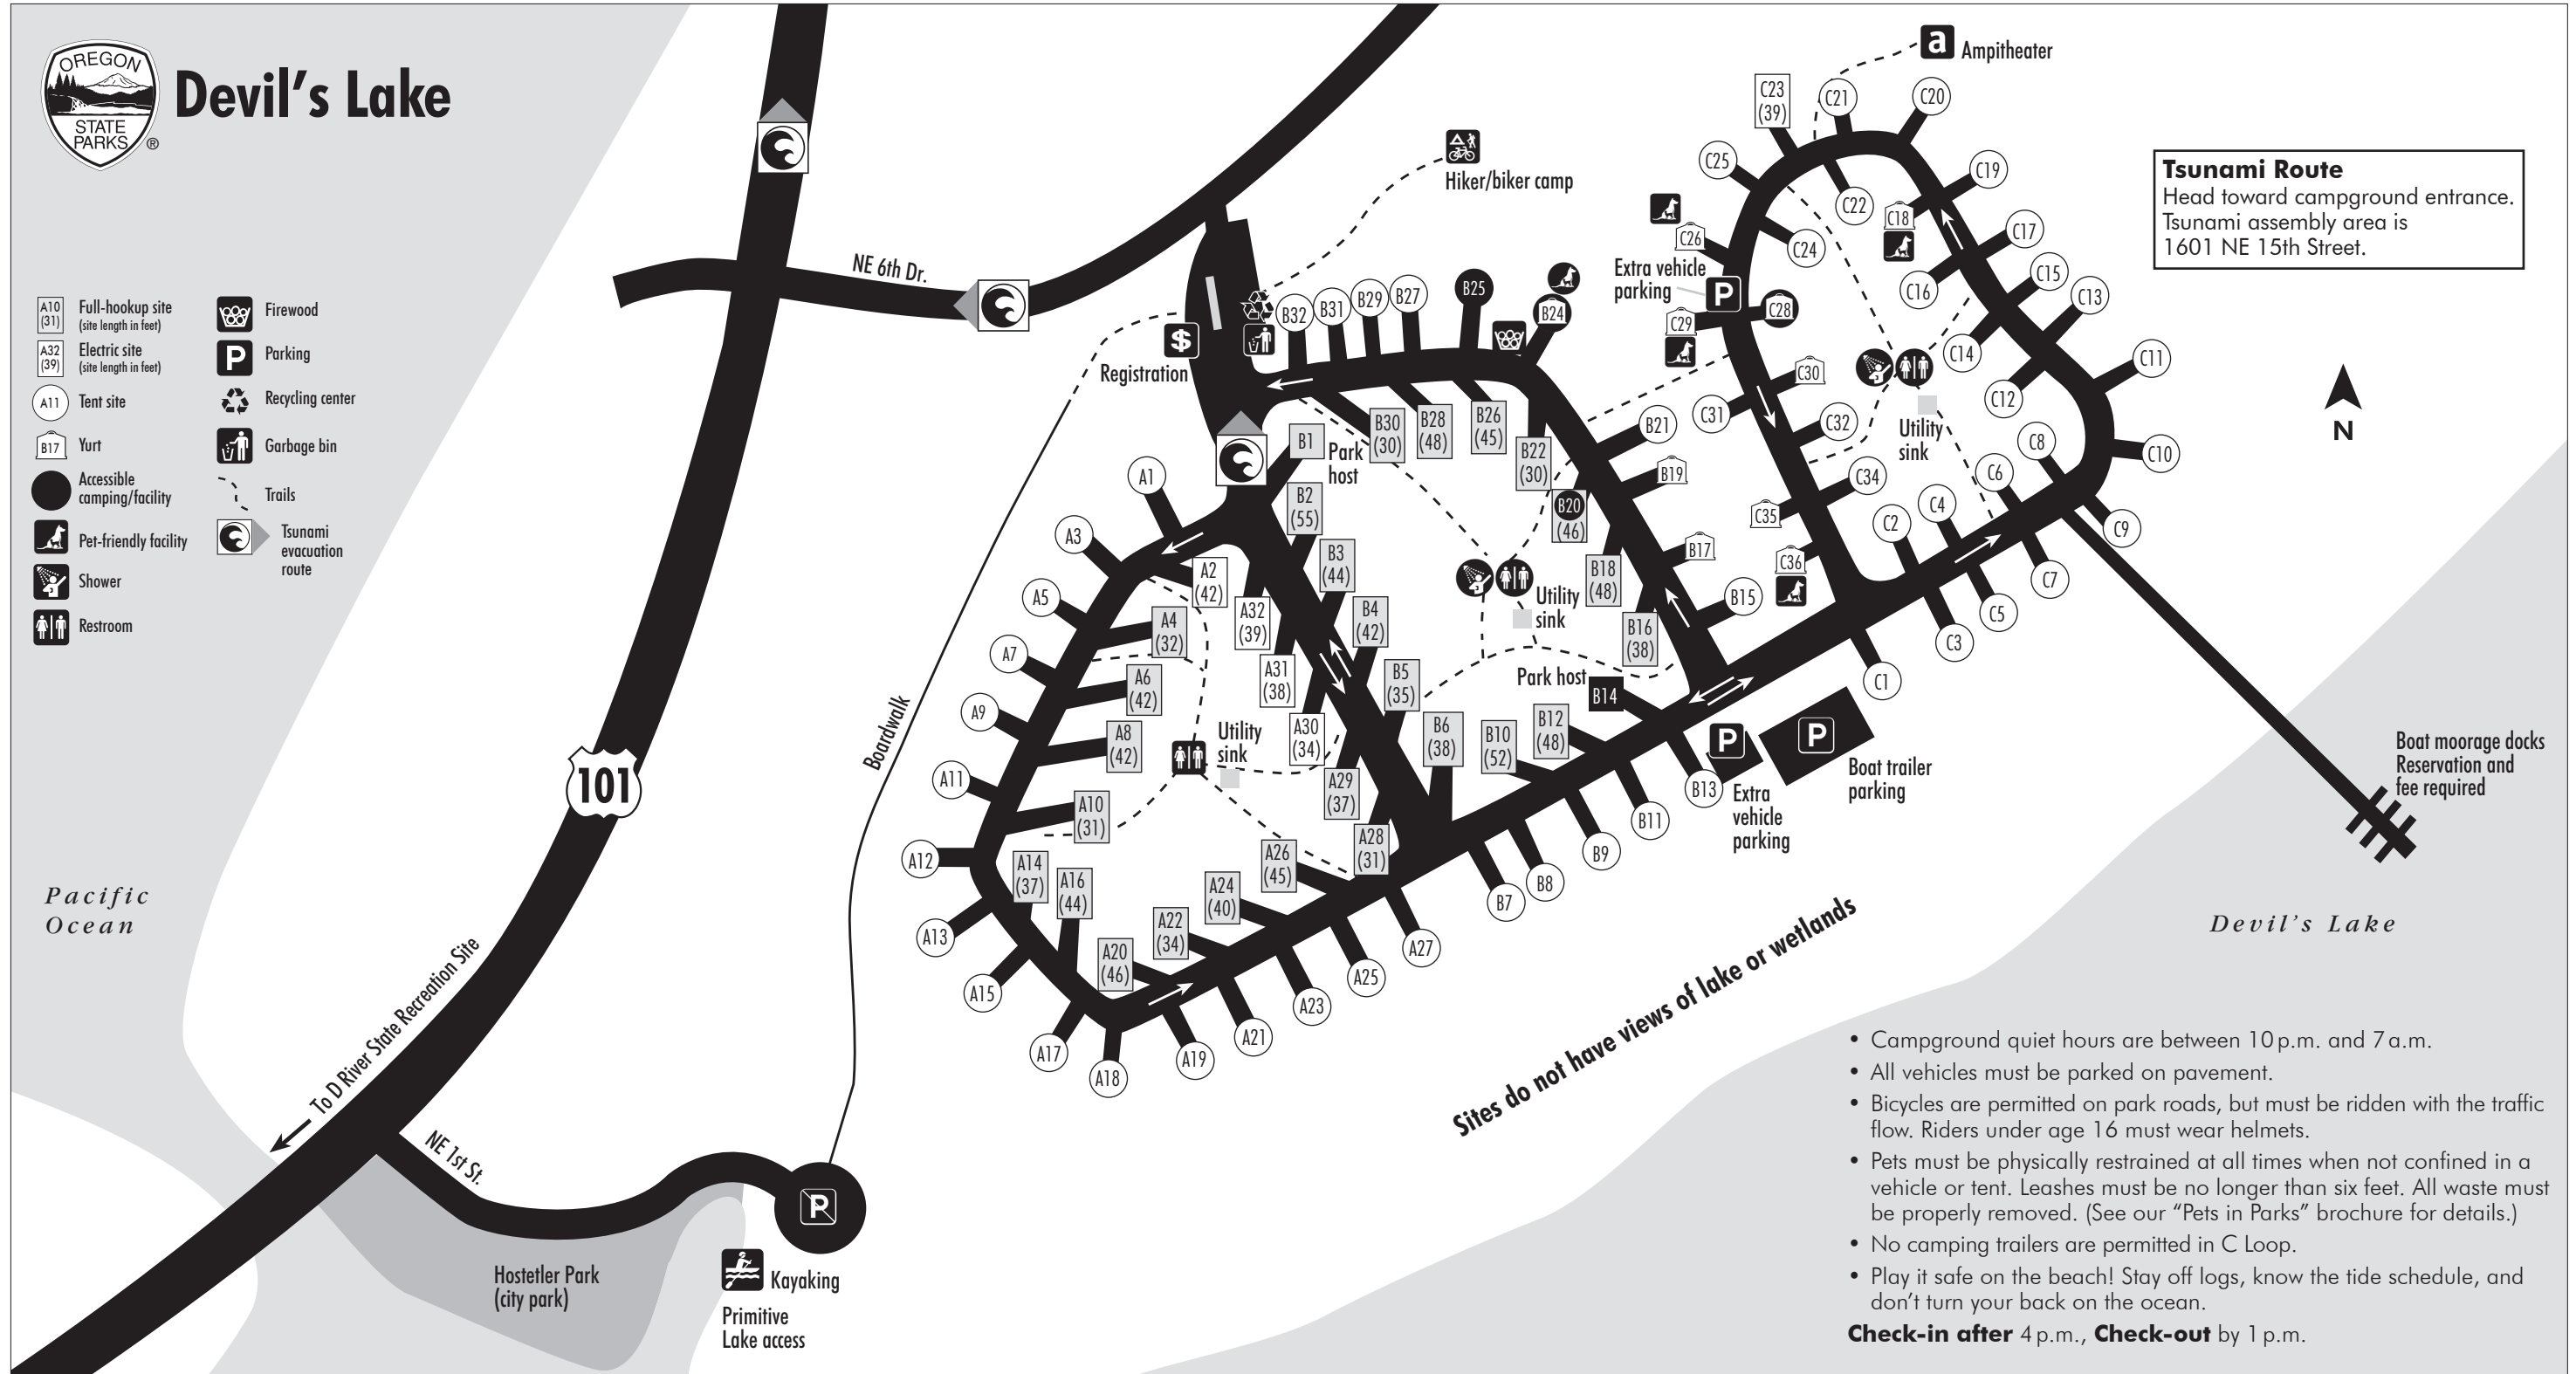

Devil's Lake State Recreation Area is located in Lincoln City, where seven miles of shoreline draws beach enthusiasts, particularly kite flyers, from across the state. Accessing the beach from the campground is easy: start on the 700-foot-long boardwalk that winds through the wetlands to a primitive lake access. From there, follow a short gravel trail to a sidewalk along Highway 101, then take the crosswalk to safely access the beach at D River State Recreation Site.
